

INTERIOR DESIGN

The Animal magic club room needs MORE posters and displays to go around the place. Do any of the A♥M members have any ideas of what kind of posters and storyboards we should do?...

Lots of displays around the A♥M clubroom have been backed with different coloured paper and have been given an orange or pink border. The more ~~etc~~ colours, the better!

The library shelf could do with a good old sort-out as well as everything else! It's very messy, full of old books that have just been thrown onto the dusty black shelf!

The Animal Magic team have been forever talking about re-decorating the wallpaper and trying a different carpet for the clubroom. Until member Emily ~~Ward~~ said, "I quite like the stripy wallpaper and reddish carpet." Most of the club agreed to keep the place the way it ~~was~~ is!

We also have had a mascot-creating competition and a glittery throne awaits the winner's creature. The A♥M mascot will give the club room a bit more life!
